ABOUT MANASA INSTITUTE

Manasa Institute of Child Health and Disability Studies (MICHADS) endeavours to promote and strengthen child health and comprehensive disability rehabilitation services to transform the lives of children, and persons with disabilities and their families through service delivery, training and research programmes. The organization has the requisite facilities and qualified manpower to provide facility based and community based child health and disability rehabilitation services and takes up contextual training and research programmes.

VISION

To become a world class organization that promotes child health and rights, inclusion and empowerment of persons with disabilities and their families.

MISSION

Building capacities, improving process, leveraging technology and involving all stakeholders for achieving professional excellence through research, extension and development.

VALUES

- All PwDs have strengths and inherent values and are equal before law and their dignity must be respected.
- Child health is paramount and must be taken care of at all costs
- MANASA recognizes and respects concerns, capabilities, commitment and contribution of families and communities.
- MANASA values collaborative and participative functioning involving concerned individuals, organizations and coalitions.
- Manasa values inclusion, non-discrimination, diversity, democracy, transparency, accountability, integrity and excellence.

OBJECTIVES

- Take up programmes and projects in child health, disability and inclusion in consonance with PWD Act 2016 and UNCRPD keeping in view Full Life Cycle Needs and need for the Access to Enabling Environment.
- Develop short-term and long-term education and training programmes to address the gaps in human resource development needs in the Child Health Disability Rehabilitation in India and other South Asian countries.
- Take up research and extension (community health and rehabilitation) and publications focusing on various issues in child health and disability empowerment policies and practices.
- Develop innovative models in child health and disability empowerment involving communities through rights based people centric approach.
- Develop capacities of cadres involved in child health, inclusion and disability empowerment and strengthen systems and community assets.

NEURO-DEVELOPMENTAL CLINIC

Neuro-Developmental Clinic (NDC) was initiated in November 2017. Range of services provided in NDC are Screening high-risk infants and children with developmental delays and impairments and provide Early Intervention Services for children with Cognitive deficits such as Intellectual Disability and Sensory-motor disorders and impairments like Visual impairment, Hearing Impairment, Speech Impairment, Weakness in limbs and Syndromes and disorders like Autism, Down Syndrome, Pervasive Developmental Disorders, ADHD, Neuro-developmental disorders, Cerebral Palsy, Multiple Sclerosis, Muscular Dystrophy and Learning disabilities and Memory Impairments. Screening at birth particularly Audiological (Hearing) Screening/Assessment and Developmental Assessment, Speech & Language therapy, Physiotherapy, Occupational Therapy, Psychological Assessment and Behaviour Modification and Cognitive Therapy & Special Education services. Parent Education & Counselling Service is one of the main activities of NDC. Regularly 25-30 children with Neurodevelopmental disabilities are availing various health and rehab therapy services in the NDC.

MANASA VOCATIONAL TRAINING CENTER

- Manasa Institute is also running a Vocational Training Center for youth with intellectual disabilities in several trades and also extending support to get them into suitable employment or self-employment, so as to enable them live independently.
- This year 2 students of Manasa Vocational Training Centre have joined as helpers in their family business/ profession.

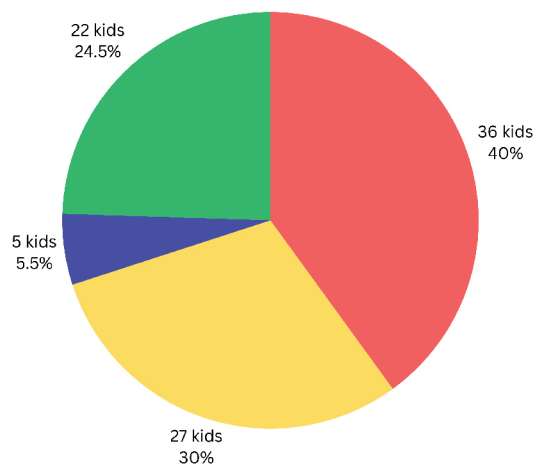

MANASA SPECIAL SCHOOL
